BAMBI

MY FIRST GARDEN

Make your first spring gardening experience fun, easy and delicious!
Plant and grow your very own tomato and basil plants!

YOU WILL NEED

EGG CARTON | SEEDS | SPRAYER | TROWEL | POTTING SOIL | GARDEN BED OR PLANTER

SPROUT YOUR SEEDS

1. Soak seeds separately in water for 2 hours.
2. Remove the top part of your paper egg carton.
3. Fill each carton cup 3/4 full with potting soil.
4. Plant 2–3 seeds, 1/4 inch deep, into each cup.
5. Spray surface soil until very moist but not drenched.
6. Place your carton in a warm light filled area.
7. Once a day, spray soil until moist.

Your seeds should sprout in 5 to 10 days!

PLANT YOUR SEEDLINGS

1. Fill your plant bed or box with organic potting soil.
2. Tear off one decomposable sprout cup from carton.
3. Dig a hole the size of your sprout cup into the soil.
4. Place a sprout cup into the hole, fill in with soil.
   Note: Paper egg cartons will decompose.
5. Repeat planting each cup until complete.
6. Water your new plants everyday.
7. Watch your plants grow more and more each day.

BASIL 1st crop = 2–3 wks **TOMATO** 1st crop = 9 wks

FUN GROWING & LEARNING

Have fun growing your family garden and learning together!
Meet fellow gardeners and seek advice from local nurseries and online.
Your adventures in gardening have just begun!

On Digital HD and Disney Movies Anywhere May 23
On Blu-ray™ June 6
