

Name The Queen Song

So you think you can stone me and spit in
my eye
So you think you can love me and leave
me to die

You say Rolls I say Royce
You say God give me a choice

It shakes all over like a jelly fish

You got blood on yo' face
You big disgrace

Bring it back, bring it back, don't take it
away from me
Because you don't know what it means to
me

In conversation
She spoke just like a baroness

My soul is painted like the wings of
butterflies
Fairy tales of yesterday will grow but
never die

I've been with you such
a long time
You're my sunshine
And I want you to know
That my feelings are true

Lock your Daddy out of doors
I don't need him nosing around

But everybody wants to put me down
They say I'm goin' crazy

I consider it a challenge before the whole
human race,
And I ain't gonna lose.

I'm a shooting star leaping through the
sky
Like a tiger defying the laws of gravity

How do you think I'm gonna get along
Without you when you're gone?

So, don't become some background noise
A backdrop for the girls and boys

And then you make me slightly mad
When you pee all over my Chippendale
Suite

She was such a naughty nanny
Heap big woman, you made a bad boy out
of me
